ABOUT THE SUMMIT

The **American Projects & Portfolio Leadership Summit** is the premier event for senior leaders responsible for delivering complex, high-impact initiatives across three pillars of American excellence: **Energy, Healthcare & Life Sciences, and Defense & Security**. Now in its second year, this summit brings together decision-makers to share strategic insights, showcase innovation, and build partnerships that support the successful execution of critical projects nationwide.

Whether you're upgrading energy infrastructure, accelerating drug development, or leading mission-critical defense programs, this event equips you with the tools, perspectives, and connections to drive results in high-stakes environments.

Shape the Future of Mission-Critical Projects

Day one brings together all participants-across energy, healthcare, and defense-for a shared experience designed to **inspire, connect, and align**.

In a world of escalating complexity, the ability to execute bold strategies across portfolios is no longer a competitive edge-it's a necessity. That's why this opening day is focused on the **shared challenges** and **leadership priorities** faced by professionals delivering high-stakes projects in mission-critical industries.

Through **thought-provoking keynotes, solution-driven sponsor sessions, and cross-sector panel discussions**, we'll explore how organizations are navigating transformation, accelerating delivery, and enabling resilience-from boardroom to field execution.

Key Themes of the Day:

Unified Vision

A rare opportunity to learn across industries and build a common language of execution

Shared Challenges

Addressing complexity, agility, governance, and risk across different sectors

PMOs as Enablers

Exploring the rising strategic role of PMOs and portfolio leaders

Digital & Data Futures

Showcasing how new tools and technologies are reshaping delivery

Sponsor Insight

Featuring leading PPM, digital, and data solution providers with proven use cases

Day one is not just an opening—it's a launchpad for conversations that continue across two days of deep-dive industry tracks. Whether you're powering the grid, leading digital health programs, or delivering on national defense initiatives, this is where the execution leaders of tomorrow gather today.

"Serving leaders from the industries that Power, Heal, and Protect America."

ROUNDTABLE 1: ACCELERATING PROJECT MANAGEMENT WITH AI-DRIVEN DECISION MAKING

ROUNDTABLE 2: GLOBAL STRATEGIC PORTFOLIO MANAGEMENT AND VALUE IMPROVEMENT

Sam Mawley, *Vice President, Program Management, Edwards Life Sciences*

3:30 PM ROUNDTABLE DISCUSSIONS: ROUND 2 (30 MIN.)

ROUNDTABLE 1: FROM STRATEGY TO IMPACT: ENHANCING VALUE ACROSS THE PORTFOLIO

Ching Chang, *Vice President, Head of Portfolio Strategy, Program & Alliance Management, Avidity Biosciences*

ROUNDTABLE 2: REGULATORY COMPLIANCE AND ENFORCEMENT: WHAT ARE SOME RED FLAGS THAT YOUR ORGANIZATION IS HEADED FOR A NON-CONFORMANCE

Lauren Jackson, *Senior Regulatory PMO, Dexcom*

4:00 PM WORKSHOPS (60 MIN.)

WORKSHOP 1: CONVERTING ASSET STRATEGY INTO ACTIONABLE PLAN USING A CLINICAL DEVELOPMENT PLAN

When an executive level governing body provides a high-level and often vague asset strategy, it is up to the Program Manager to help the project team translate that strategy

into a clear and actionable Clinical Development Plan (CDP). This session will describe the utility of the CDP, the contents of a CDP, and a process the Program Manager can follow to create a CDP. The CDP then effectively becomes the documentation of aligned expectations between the project team and the governing body.

Joe Stalder, *VP Program Management, Zentalis Pharmaceuticals*

Stephen Smith, *Senior Program Director, Oncology, Corcept Therapeutics*

WORKSHOP 2: FUTURE READY TALENT, TEAMS & PMO MODELS

LEADING TRANSFORMATION IN REGULATED, HIGH-STAKES ENVIRONMENTS

10:30 AM

KEYNOTE: CO-CREATING TRANSFORMATION: FROM RIGID PLANS TO ADAPTIVE STRATEGY

Business transformation requires reimagining systems, people, and technology to create real value. The greatest barrier isn't execution but rigid, top-down planning. This session explores practical techniques for a more inclusive, flexible, and iterative approach—where transformation is co-created through open dialogue, learning, and refinement.
