## The Only Platform in Asia for Project Leaders in Pharma and Biotech

Join the Asian Pharma and Biotech Project, Program, and Portfolio Management Conference in Singapore – the **one and only dedicated platform in the region that gathers project leaders** from leading and emerging pharma and biotech companies.

Whether you're driving early-stage drug development, leading clinical trials, or managing product commercialization strategies, this conference brings together everyone with a role to play in **moving drug and product development projects from the lab to the patient**. From scientists and project managers to commercial leaders and regulatory experts, you'll find a diverse community of professionals, each critical to the success of the next breakthrough therapy.

### You'll gain exclusive access to insights that will:

- **Set You Apart in a Competitive Market** – Learn from real-world case studies and practical frameworks used by leaders in the industry to overcome regional challenges and drive success in R&D projects.
- **Supercharge Your Project Outcomes** – Discover the latest AI-driven tools and portfolio management strategies to optimize resources, accelerate timelines, and reduce costs in drug development.
- **Strengthen Your Leadership Network** – Connect with top decision-makers, potential partners, and industry pioneers driving the next wave of medical innovation.

With over **30 leading professionals** sharing their expertise, this is your chance to benchmark with the best, solve your most pressing challenges, and leave with actionable insights to take your projects to the next level.

Don't miss your chance to join the only community in the region that's shaping the **future of drug development** and **making breakthroughs happen**.

# What will be **DISCUSSED?**

## Key Features:

- 📌 **Expert-Led Keynotes:** Hear from trendsetters, industry leaders, and visionaries, gaining insights to drive actionable strategies for global portfolio alignment and growth.
- 📌 **Interactive Panel Discussions:** Hear unique perspectives from a mix of speakers from diverse companies and thought leaders. Ask questions live and get answers in real time, engaging directly with experts on critical industry challenges.
- 📌 **Practical Case Studies:** Learn from real-world examples, enhancing your ability to solve complex project and development challenges.
- 📌 **Workshops:** Led by international project management experts, these small-group sessions are both fun and productive, providing hands-on opportunities to develop strategies for real-world project management challenges.
- 📌 **Roundtables:** Benefit from informal, peer-to-peer discussions, enabling deep dives into specialized topics and fostering knowledge exchange.

## Key Topics:

- 📌 **Aligning Global and Regional Objectives for Sustainable Growth**
- 📌 **From Strategy to Success – Bridging Global Goals with Regional Execution**
- 📌 **Optimizing Resource Allocation for Regional Teams**
- 📌 **Strengthening Projects and Programs with Scenario Planning**
- 📌 **Fostering Seamless Cross-Functional Collaboration to Drive Program Success**
- 📌 **Fast-Tracking Clinical Trials: Strategies for Navigating Regional Hurdles**
- 📌 **Tackling Multi-Regional Program Execution Challenges**
- 📌 **Enhancing R&D Innovation with AI-Powered PPM Tools**

## Why Attend?

- 📌 **Elevate Your Portfolio Strategy:** Learn how to transform your portfolio management function and align it with broader organizational goals to enhance both operational and strategic outcomes.
- 📌 **Stay Ahead of Industry Trends:** Understand how AI, data analytics, and innovative technologies are transforming decision-making, project management, and portfolio prioritization.
- 📌 **Drive Efficiency and Innovation:** Gain actionable insights on managing resources, optimizing decision processes, and fostering cross-functional collaboration to improve portfolio outcomes.
- 📌 **Expand Your Network:** Connect with peers, thought leaders, and industry experts who are at the forefront of driving portfolio management excellence.

Neuland Laboratories Limited  
★★★★★

Had the pleasure of participating in a panel discussion today at '2nd Strategic Project, Program and Portfolio Management conference for Pharmaceuticals' organised by Why Summits on the critical role of internal stakeholders in driving project success. Grateful to have exchanged insights with industry leaders on how to build these connections and unlock potential from within. We continuously strive to implement these best practices at Neuland Laboratories Limited.

## 8:50 CHAIRPERSON'S OPENING REMARK

**Finn Olsen Tram**, PMO Director, Terumo

## 9:00

### KEYNOTE PANEL: THE EVOLVING PHARMA & BIOTECH LANDSCAPE IN ASIA: ACCELERATING DRUG DEVELOPMENT THROUGH INNOVATION, INVESTMENT, AND STRATEGIC GROWTH

- The current state of drug development projects in Asia – key opportunities and challenges in clinical trials, R&D, and commercialization.
- The role of incubators, government agencies, and venture funding in supporting early-stage innovation and accelerate drug development.
- Big pharma's impact on regional drug development pipelines – collaboration models between multinational pharma and biotech startups to drive innovation and market access.
- Regulatory shifts, AI, and emerging technologies – how these factors are transforming clinical development and portfolio management in Asia.
- Strengthening Asia's position as a global hub for pharma R&D – strategies for securing investment, fostering partnerships, and driving faster clinical progress.

**Danny Soon**, CEO, Consortium for Clinical Research and Innovation Singapore

**Ivan David Horak MD, FACP**, Founder & CEO, Tikva Allocell

**Mohamed ElSayed**, Executive Director, Nucleic Acid Therapeutics Initiative (NATi)

### FIRESIDE CHAT: GLOBAL BIOTECH'S BLIND SPOT – ARE PATIENTS IN ASIA BEING LEFT BEHIND?

Asia Pacific is home to 60% of the world's population, yet it accounts for only 20% of the global pharmaceutical market. This gap exists for many reasons: fragmented health-care, varying disease needs, and complex regulations.

Given these challenges:

- Are patients in Asia underserved when it comes to access to innovative therapies and cutting-edge medical advances?
  - Are global biotech firms deprioritizing this region in their R&D and commercialization strategies?
  - How can we reimagine public-private partnerships across the innovation lifecycle to ensure patients in Asia have equitable access to life-changing treatments?
- Join us as we speak with Jek to uncover whether this is a painful reality or just a myth.

**Jek Fong**, Disease Commercialisation Leader, APAC, Roche

## 10:00

### FIRESIDE CHAT: CONNECTING GLOBAL PORTFOLIO VISION WITH REGIONAL ACTION

- Understanding the critical role of APAC in global portfolio strategy and its impact on multinational pharma.
- Exploring the complexities of aligning regional execution with overarching corporate goals.
- Best practices for optimizing cross-regional collaboration to deliver effective portfolio outcomes.

**Zeynep Yardimci**, APAC VP Clinical & Regulatory, Novo Nordisk

## 10:30 NETWORKING BREAK

## 11:00

### PANEL: FUTURE-PROOF YOUR PROJECT AND PROGRAM WITH SCENARIO PLANNING

- Tools and frameworks for identifying potential project risks early and incorporating scenario planning to proactively manage uncertainties.
- Practical approaches to assess and prioritize risks at the project and program levels, considering both internal and external factors.

- Strategies for mitigating local risks, including regulatory changes, supply chain disruptions, and resource constraints, while aligning with global risk management processes.
- The role of integrating scenario planning into project decision-making, ensuring teams are prepared for various potential outcomes.
- Techniques for continuous risk monitoring and adapting risk mitigation plans to keep projects and programs on track despite changing conditions.

**Hari Hara**, *Immediate Past President, PMI Singapore Chapter*

**Kohei Hanao**, *Associate Director, Global Development Japan, Johnson & Johnson*

**Woohyung Wayne Lee**, *Senior Director, Clinical Planning, GI Innovation*

**11:30**

## **PRESENTATION: AI-POWERED PROJECT VISIBILITY: AUTOMATING THE PHARMA PMO**

- How AI and Smartsheet integration streamline planning, tracking, and reporting across global clinical and commercial portfolios
- Case example: Automating risk signals and issue escalation in real time using AI-powered dashboards
- Reducing manual overhead through intelligent workflows across JIRA, ServiceNow, and pharma CRMs

**Kamya Pamnani**, *Customer Success Manager, vSaaS Global*

**Sunita Ahuja**, *Regional Enablement Manager, vSaaS Global*

**12:00**

## **CASE STUDY: PROJECT MANAGEMENT AND PRIORITIZATION TO ACCELERATE NOVEL THERAPEUTICS DEVELOPMENT**

- Strategic collaboration - managing biotech alliances, CRO collaborations and vendor relationships
- Effective communication to ensure alignment between internal and external partners
- Overcoming cultural, regulatory and operational challenges to accelerate drug development

**Ben Ayers**, *VP, Antibody-Drug Conjugates, Hummingbird Bioscience*

**12:30 NETWORKING LUNCH**

**13:30**

## **PANEL: PRIORITIZATION AND TRADE-OFFS – MAKING PORTFOLIO DECISIONS WORK LOCALLY**

- Assessing common challenges in aligning projects with strategic goals.
- Best practices for managing trade-offs, using tools and frameworks to transform portfolio priorities into actionable local projects.

- Key success factors for effective prioritization, including resource allocation, stakeholder alignment, and managing competing demands.

**Adithya R. Sriram**, *Director, Strategy and Operations, Johnson & Johnson Innovative Medicine*

**Jek Fong**, *Disease Commercialisation Leader, APAC, Roche*

**14:00**

## **PANEL: LEADING CHANGE – STRATEGIES FOR ADOPTING PPM FRAMEWORKS WITH IMPACT**

- How to manage resistance and engage stakeholders during the transition to new tools and processes?
- Best practices for training and upskilling teams to ensure smooth implementation.
- Strategies for monitoring and measuring the success of PPM framework adoption.
- Real-world examples of overcoming challenges and achieving lasting change in regional operations.

**Abhishek Mittal**, *Vice President and Head - Project Management Office (PMO), Neuland Laboratories Ltd*

**Hwee Ling Ong**, *Head of Business Operations, Illumina*

**14:30 NETWORKING BREAK**

**15:00**

## **WORKSHOP: IMPLEMENTING PROJECT PRIORITIZATION FRAMEWORKS FOR STRATEGIC DECISION-MAKING AND RESOURCE ALLOCATION**

In this hands-on workshop, participants will learn practical frameworks and methodologies to enhance their project prioritization and resource allocation strategies. Led by an experienced industry expert, the session will guide attendees through proven approaches for evaluating both internal and external projects, making informed investment decisions, and optimizing resource allocation to align with organizational goals.

Through interactive exercises and real-world case studies, participants will:

- Gain a deep understanding of various project prioritization frameworks
- Learn how to apply quantitative and qualitative analysis to investment decisions
- Explore techniques for balancing resources between competing projects
- Develop actionable strategies for aligning prioritization with long-term business objectives

This workshop offers a practical, problem-solving approach and tangible tools where participants can immediately apply to their portfolio and project management efforts.

## **ROUNDTABLE DISCUSSION: RESOURCE MANAGEMENT & OPTIMIZATION: ALLOCATING RESOURCES EFFICIENTLY ACROSS PORTFOLIOS**

Efficient resource allocation is critical to delivering complex portfolios on time and within budget. This roundtable will explore how pharma and biotech leaders are improving visibility, prioritizing demand, and leveraging tools to optimize workforce capacity across programs.

Key discussion points include:

- Balancing resources across competing projects and priorities
- Improving capacity planning and scenario modeling
- Using data and technology for real-time decision-making
- Addressing bottlenecks and skill gaps proactively

**Woohyung Wayne Lee**, Senior Director, Clinical Planning, GI Innovation

16:30 CLOSING REMARK

16:40 END OF DAY 1

## 8:50 CHAIRPERSON'S OPENING REMARK

**Finn Olsen Tram**, PMO Director, Terumo

9:00

### KEYNOTE: LEADING THE WAY – HOW PROJECT AND PORTFOLIO MANAGEMENT (PPM) IS SHAPING THE FUTURE OF HEALTH AND DRUG DEVELOPMENT?

- Navigating global health trends, regulatory changes, and public-private partnerships.
- The critical role of PPM in driving faster, more efficient drug development while maintaining patient-centric approaches.
- How innovation, AI, and digital transformation will reshape drug discovery and delivery?

**Finn Olsen Tram**, PMO Director, Terumo

9:30

### CASE STUDY: TRANSFORMING BIG IDEAS INTO CLINICAL DEVELOPMENT SUCCESS

- Real-world examples of aligning strategic portfolio decisions with clinical development objectives, from early-phase to late-stage projects.
- Techniques for prioritizing clinical trials within a portfolio, ensuring a balance between innovation and risk management.
- Strategies for integrating external partnerships (CROs, academic collaborations) into the clinical development portfolio while maintaining alignment with internal strategic goals.
- Lessons learned from managing clinical development projects in highly regulated markets, ensuring timely delivery despite local challenges.
- Frameworks for measuring the success of clinical projects in the context of broader portfolio performance, including KPIs and post-trial impact assessments

**Woohyung Wayne Lee**, Senior Director, Clinical Planning, GI Innovation

11:00

### PRESENTATION: FIRST PRINCIPLES, FAST CHANGE: MODERNIZING PORTFOLIO MANAGEMENT IN THE TECH AGE

- The need for adaptation: Ensuring organizations respond effectively to changes arising from dynamic markets, digital transformation and emerging technologies.

- Applying first principles for Portfolio Management: PPM tools to support strategic alignment, project prioritization, optimizing resource utilization with continuous monitoring and evaluation of performance.
- Specific areas of focus: Proactively manage risks ensuring that R&D initiatives stay on track despite potential challenges.
- Examples of Technology in Portfolio Management: cloud-based platforms, visualization tools and AI-powered tools.

**Michael Winther**, Senior Director, Target Discovery, Engine Biosciences

11:30

### CASE STUDY: CREATING A ROBUST PROJECT MANAGEMENT OFFICE (PMO) FOR EXECUTION EXCELLENCE

- Key elements for designing PMO structures that improve regional project oversight and ensure timely reporting.
- Methods for aligning PMOs with global goals while addressing local execution challenges and needs.
- Best practices for fostering a culture of accountability and collaboration across regional teams through effective PMO leadership.
- Tools and techniques to streamline project monitoring, reporting, and resource allocation within the PMO framework.
- Lessons learned from building and optimizing PMOs to enhance overall execution efficiency across diverse regions.

**Patrick Cheng PMP®**, PMI-RMP®, CINTM, Head, APAC CPM, Life Science Services, Merck

12:00

### PANEL: FOSTERING COLLABORATION WITHIN THE PROJECT MANAGEMENT OFFICE (PMO) FOR SEAMLESS PROJECT DELIVERY

- Effective methods for reinforcing the PMO's role in connecting HQ and local teams to drive smooth execution.
- Techniques for promoting cross-regional collaboration, communication, and alignment in portfolio delivery.
- Proven tactics for utilizing the PMO to foster accountability, support local teams, and align global objectives with regional execution.
- Practical solutions for overcoming cultural and operational challenges when building a unified PMO structure across diverse regions.
- Real-life experiences and lessons shared by panelists on optimizing PMO effectiveness and improving project alignment across regions.

**Abhishek Mittal**, Vice President and Head - Project Management Office (PMO), Neuland Laboratories Ltd

## 12:30 NETWORKING LUNCH

## 13:30

### PANEL: DRIVING PROGRAM SUCCESS THROUGH SEAMLESS CROSS-FUNCTIONAL COLLABORATION

- Key strategies for fostering seamless communication and collaboration between R&D, commercial, and operations teams.
- How to overcome silos and encourage a unified approach to decision-making and problem-solving.
- Best practices for overcoming common challenges in cross-functional team dynamics.
- Techniques for creating a unified vision and shared accountability across departments.
- Real-world examples of successful cross-functional collaboration and its impact on program outcomes.

**Alla Kot**, *Head of Asia Region, Farmak International*

**Michael Crowe**, *Senior Director, Head of Program Management, Lonza*

**Mathew Lau**, *Director, Strategy, Industry & Projects, Bioprocessing Technology Institute*

## 14:00

### PANEL: TACKLING REGIONAL HURDLES IN MULTI-PROGRAM EXECUTION

- How to effectively navigate regulatory differences across regions and ensure compliance in global programs?
- Strategies for managing resource constraints while maintaining project timelines and quality.
- Best practices for overcoming operational hurdles in multi-regional program execution.
- Approaches to fostering collaboration and alignment between cross-functional teams in diverse regions.
- Lessons learned from real-world examples of managing complex, multi-regional programs.

**Michael Winther**, *Senior Director, Head of Program Management, Engine Biosciences*

**Binxia Yang**, *Director, Hengrui SG R&D Centre*

## 15:10

### PANEL: CUTTING THROUGH THE RED TAPE – FAST-TRACKING CLINICAL TRIAL TIMELINES

- Strategies for accelerating site activation and minimizing delays in the early stages of

clinical trials across diverse regions.

- Innovative approaches to patient recruitment in challenging markets, including leveraging local networks, digital tools, and community engagement.
- Best practices for navigating complex regulatory environments to streamline approval processes and reduce bottlenecks.
- Techniques for building strong relationships with local authorities and stakeholders to ensure timely project execution and regulatory compliance.
- Real-world examples of overcoming common clinical trial challenges, from patient enrolment to site management, and ensuring alignment with overall portfolio timelines.

**Aman Butta**, *Director- Clinical Affairs (Medical Affairs+ Clinical Operations), APAC, Intuitive*  
**Kunal Shah**, *Head, Project Management & EARO Business Ops, Experimental Drug Development Centre*

**Zeynep Yardimci**, *APAC VP Clinical & Regulatory, Novo Nordisk*

**Woohyung Wayne Lee**, *Senior Director, Clinical Planning, GI Innovation*

## 15:50

### CASE STUDY: DELIVERING TOMORROW'S COMPLEX MANUFACTURING PROJECTS TODAY

- Real-world insights from the execution of complex manufacturing projects, including facility construction and upgrades, with a focus on meeting global quality and cost standards.
- Key challenges and solutions encountered in navigating local regulations, labor issues, and supply chain disruptions while maintaining global consistency.
- Practical approaches for balancing cost control with the implementation of advanced technologies to meet both local and global production demands.
- Lessons learned from managing cross-functional teams across regions, ensuring alignment on project goals, timelines, and quality standards.
- Risk mitigation strategies drawn from actual projects, including how to overcome regulatory hurdles and unforeseen delays without compromising on quality or safety.
